Any junior wishing to compete at the senior level at the Championship Finals must declare as a senior when entering the second round qualifier.

3. Pony and Horse Eligibility for Trailblazers

BD Points for First Round Qualifiers

3.1 At the discretion of the individual Show Organisers, classes run as First Round Qualifiers may be open to combinations with British Dressage points in excess of the limits for Trailblazers Second Rounds and Trailblazers Championship Finals as shown below. Such combinations will not be eligible for the Second Rounds. The Competitor should contact their local Venue if in doubt regarding First Round Qualifiers. However, Competitors must be aware of the rules regarding BD points for horses / ponies per the current BD Members Handbook.

BD Points for Second Round Qualifiers and Championship Finals

3.2 A horse / pony that is currently registered with British Dressage, or a horse / pony that was registered with British Dressage at any point from and including the first day (dressage warm up day) of the preceding Trailblazers Championship Finals must not have more than the following British Dressage points to enable the horse / pony to compete at a Trailblazers Second Round Qualifier and / or at the Trailblazers Championship Finals:

Maximum horse points per level for the Second Rounds and Championships

Intro **50** points at Preliminary and none at any levels above

Preliminary **100** points at Preliminary or above

Novice **100** points at Novice or above

Elementary **75** points at Elementary or above

Points at the level(s) below that at which a horse competes are not taken into account.

3.3 If it is proved that a horse / pony is competing at the Championship Finals under a different name as registered with British Dressage then it shall be eliminated.

Horse / Pony competing at the Trailblazers Championship Finals

3.4 A horse / pony may only compete once in each championship level at the Trailblazers Championship Finals. Therefore, the same horse may not compete with two different riders in the same championship level. For clarification, the same horse may be ridden by different riders at different championship levels.

Other Horse / Pony Restrictions

3.5 No other restrictions on horse / pony eligibility are applied for any Trailblazers dressage competitions.

4. Warm Up and Practice Arenas

4.1 Riders are to behave with consideration to their fellow competitors whilst working in and must: -

4.1.1 Pass left hand to left hand when meeting another rider coming in the opposite direction unless they are in counter canter, when you should give way by circling. Make tack adjustments outside the warm up / practice arena.

4.1.2 It is the Competitors responsibility to be aware of other competitors at all times whilst in the warm up / practice arena.

4.1.3 Whips may be carried, but ensure the whip is not so long or used so that it could upset a passing horse.

4.1.4 Do not halt or walk on the outside track and always leave room for other riders to pass.

4.1.5 Do not lunge without the permission of the Organiser / Steward. Lunging should only take place in a designated arena or at a designated time.

4.1.6 Lunging a horse / pony in a balancing or running rein is prohibited.

4.1.7 A horse / pony may only be worked in by the person who is due to compete on that horse / pony in competition while attending the event. Breaching this rule may incur elimination from all competitions at that event.

4.1.8 Only riders, trainers and grooms are permitted in the warm up / practice arenas and must confine themselves to pedestrian areas if not mounted on a horse / pony.

4.1.9 If a warm up arena is becoming overcrowded, the Organiser or Steward may ask competitors not competing that day to leave. An Organiser / Steward may impose a limit on the number of horses allowed in the warm up arena, giving priority to those closest to performing their test.

5. Riding the Test

Entering the Dressage Arena

5.1 Competitors must wait until the Judge has signified that they may start before entering the dressage arena.

5.2 Where the construction of the arena makes it impossible for the competitor to ride outside the entire circumference of the arena before the Judge's signal to enter is sounded, they may ride inside the arena.

The Test

5.3 A test begins when the horse enters at A and finishes when it moves off from the final salute. Movements must follow one another in the order laid down in the test. In a movement carried out at a specific point, the movement is executed when the rider's body is level with the marker.

5.4 Trailblazers use tests issued by British Dressage. Copies of individual Tests may be purchased from British Dressage on www.britishdressage.co.uk.

Commanders

5.5 Commanders are permitted at Trailblazers First & Second Qualifiers, but are not permitted at the Trailblazers Championship Finals for any competition, including warm-up competitions.

5.6 When commanders are permitted competitors are responsible for ensuring that only the words of the printed test are read out and that there is no emphasis on any command. The Judge may eliminate the Competitor if this rule is not met.

5.7 Commanders may not stand inside the dressage competition arena.

Outside assistance

5.8 No form of outside assistance, including the use of radio communication is permitted once the Competitor has entered the arena. A Judge may eliminate a Competitor who is given outside assistance designed to help them improve their performance during a test.

Leaving the Dressage Arena

5.9 Riders are to leave the arena (after the final salute) at walk on a long rein at an appropriate place.

5.10 The Judge will eliminate any horse / pony that leave the dressage arena out of control during a test. At the Judge's discretion, marks will be deducted if a horse / pony places four feet outside a dressage arena.

Dismounting or Fall

5.11 If, after the rider has entered the arena, they dismount without a reason acceptable to the Judge, no marks will be given for the movement.

5.12 If there is a fall of horse and / or rider, the combination will be retired immediately from that class but may ride in further classes on the same horse / pony or the rider may compete on a different horse / pony in that class if the rider declares they are fit to continue.

Resistance

5.13 Any horse failing to enter the arena within 45 seconds of the bell being sounded will have a 2 mark penalty per Judge awarded. Failure to enter after 90 seconds of the signal to start will result in elimination.

5.14 The Judge will eliminate any horse refusing to continue the test for a period of 20 consecutive seconds during a test.

Voice

5.15 The use of the rider's voice is prohibited and is to be penalised by the loss of two marks from the score that would have been awarded for each movement in which it occurred.

Lameness

5.16 In the case of marked lameness, the Judge is to inform the rider that he is eliminated. There is no appeal against the decision. If there are any doubts as to a horse's soundness, the competitor will be allowed to complete the test and any unevenness of pace severely penalised.

Riding the wrong test

5.17 A rider who starts the wrong test for the class may be allowed to restart the test (at the Judge's discretion) as long as they do so immediately. They will be penalised for a first error of course.

Error of Course and Test

5.18 When a rider makes an error of course (takes the wrong turn, omits a movement etc.), the Judge is to ring the bell. If necessary, the Judge will explain the point at which the rider must take up the test again, and the next movement to be executed. However, if sounding of the bell would unnecessarily impede the fluency of the performance it is up to the Judge to decide whether to ring the bell or not. The Judge should ring the bell when a movement is executed at the wrong marker, if there is the possibility of a similar mistake when the movement is repeated on the other rein.

5.19 If a competitor makes an error of the test they are to be penalised as for an error of course. Competitors are not to repeat a movement of the test unless the Judge at C decides on an error of course and sounds the bell. If, however, the rider has started the execution of a movement and tries to do the same movement again, the Judges must consider only the first movement shown and also penalise for an error of course.

Errors

First	Penalised 2 marks
Second	Penalised 4 (more) marks
Third	Elimination and the competitor to leave the arena

Should a Competitor miss their allocated time then, at the discretion of the Judge, they will be eliminated from the competition.

9. Prize money

9.1 Any single prize may not exceed £20. The number of prizes and places given per class is at the individual Show Organisers discretion.

10. First Round Qualification

10.1 Competitors need a score of 58% or over in a Trailblazer First Round to qualify for the Trailblazers Second Rounds. First round qualification is required at each level to compete at a Second Round at that level.

Reference to the Trailblazers General Rules

10.2 Also see Points 2 and 3 in "General Rules Covering all Disciplines".

11. Second Round Qualification

11.1 Every Show Organiser has the option to run one Second Round Qualifier at their Venue at each level for which have run First Round Qualifiers.

Numbers to Qualify

11.2 Numbers to qualify from Second Rounds for the Trailblazers Championship Finals

Number of Entries	Number to Qualify
Up to 25	6
26 – 30	7
31– 35	8
36 - 45	10

Splitting Second Round Qualifiers into two Sections

11.3 Show Organisers that have more than 30 entries in a Second Round Qualifier have the option to split into two sections as it is unfair on the judge if the class is too large. Second Round Qualifiers with fewer than 30 entries may not be split. Competitors must check with the individual Venue as to whether a Second Round Qualifier has been split into two sections.

11.4 Should a Show Organiser split a Second Round Qualifier into two sections then the following numbers to qualify will apply:

Combined total of Competitors entered in the two sections	Number to Qualify from each Section
Up to 35	4
36 – 45	5
46 – 55	6
56 - 65	7

11.5 Show Organisers must ensure that the sections are evenly split prior to withdrawals. Should there be more withdrawals in one section than the other the balance of entries between the two sections will not be adjusted.

11.6 Splitting a Second Round Qualifier into more than two sections may only be done with prior permission from the Trailblazers Central Office.

Juniors & Senior Second Round Qualifiers that run concurrently

11.7 A Show Organiser may run a Junior and Senior Second Round Qualifier at the same level as a joint competition. However, the result must be split into junior and senior competitors for qualification purposes. The number of senior entries will dictate the number of seniors to qualify and the number of junior entries dictates the number of juniors to qualify.

Reference to the Trailblazers General Rules

11.8 Also see Point 2 & 4 in “General Rules Covering all Disciplines”.

Horse / Pony competing at the Trailblazers Championship Finals

11.9 A horse / pony may only compete once in each championship level at the Trailblazers Championship Finals. Therefore, the same horse may not compete with two different riders in the same championship level. For clarification, the same horse may still be ridden by different riders at different championship levels.

12. British Dressage Rules

12.1 British Dressage rules (published on www.britishdressage.co.uk) will apply to Trailblazers competitions unless superseded by the Trailblazers Rules.
